Table	Field name	Description	Type	Format
users	user_id	identifier	Integer	1,2, 3
users	user_email	mail	String	exemple@exemple.com
users	user_password	password	String	Hashed
users	user_gender	gender	Enum	male, female
users	user_age	age	Integer	40, 45, 50
users	user_weight	weight	Decimal	60.2
users	user_height	height in centimeters	Integer	160
users	user_name	username	String	Doe
users	user_firstname	firstname	String	John
users	user_pseudo	pseudo	String	pseudo
users	user_image	image	String	/image/name
exercices	exercise_id	identifier	Integer	1, 2, 3
exercices	exercise_name	exercise name	String	squats, push-ups...
exercices	exercise_image	image of the exercise	String	/image/name
difficulty_levels	difficulty_level_id	identifier	Integer	1, 2, 3
difficulty_levels	difficulty_level_name	difficulty of the exercise	Enum	Beginner, intermediate, advanced
exercice_prescriptions	exercise_prescription_id	identifier	Integer	1, 2, 3
exercice_sets	exercise_sets_id	identifier	Integer	1, 2, 3
exercice_sets	exercise_sets_number	number of sets	Integer	1, 2, 3
exercice_sets	exercise_sets_rep	number of reps	Integer	10, 12, 15
exercice_sets	exercise_sets_weight	weight	Integer	40, 45, 50
exercice_sets	exercise_sets_duration	Duration of the exercise in seconds	Integer	
favorites	favorite_id	identifier	Integer	1, 2, 3
favorites	favorite_target_type	favorites type	av	« exercice », « article »
favorites	favorite_target_id	id of the exercise or article	Integer	1, 2, 3
articles	article_id	identifier	Integer	1, 2, 3

Feuille1

articles	article_image	article image	String	/image/name
articles	article_title	article title	String	Daily calorie intake guide
articles	article_description	article description	Text	Consume protein
